Effective, gentle and economical washing

HEWA 3800V

- Optimized in terms of hygiene and a reduced cleaning time
- Flexible and sustainable: with versatile use, reduced water consumption, high efficiency and a perfect result
- Continuous pre-washing, washing, disinfection, mixing, treatment and rinsing – up to 2,500 kg/h

HEWA video

Flexible cutting of slices, segments and sticks

✓ **Tona V**

- ✓ Perfect cutting results thanks to special product holders
- ✓ A large selection of easy-to-change cutting inserts
- ✓ Easy cleaning
- ✓ Suitable for frequently alternating between different cutting types and products
- ✓ Cuts fruit and vegetables – up to 3,600 pieces/h

Bite-size melon chunks - cut cleanly in a flash

MMC 150

- Safe, simple operation and a lightning-fast cutting process
- Two processing operations in one device, with operation by just one person
- Maximum hygiene thanks to optimal cleaning
- Cuts 6 or 8 segments - up to 360 melons/h

HIGHLIGHTS LIVE processing demonstrations

**Perfect avocados: completely reliable,
hygienic and efficient**

Robot Avocado Line

- ❖ An automatic system for pitting, halving and peeling avocados and various types of fruit
- ❖ Maximum reliability, hygiene, flexibility and planning in production
- ❖ Very gentle processing and very high, constant product quality
- ❖ Maximum yield: makes full use of the entire avocado flesh
- ❖ Up to 1,000 pieces/h with three robots

**Innovative & un-
paralleled worldwide**

The world of KRONEN

Here at KRONEN, we put our heart and soul into developing machines and lines that preserve the freshness of food during processing. We come up with solutions that are tailor-made, efficient, safe and reliable. What do you want to process?

From natural, fresh origins to

technical, innovative processing to

KRONEN excellence & quality.
